ABOUT THE PROJECT

A history-inspired venue

The Charming Squire brings to life the story of the original charming rogue, James Squire. With a venue design that evokes a sense of history and storytelling, an inspired menu and the full range of James Squire craft beers and ciders on tap, *The Charming Squire* is the sort of bar James himself would have loved to drink in.

THE UNIQUE COAL-FIRED SPITS ENHANCE THE FLAVOURS OF THE MEAT, WHICH CAN BE MATCHED TO AN ARRAY OF GREAT-TASTING JAMES SQUIRE BEERS.

Developed in partnership with Brisbane's renowned hospitality group, Mantle Group, and ideally located in Brisbane's thriving cultural South Bank precinct (next to South Brisbane train station), *The Charming Squire* is the perfect place for a fun night out, a special function or a casual catch up over lunch or dinner. It's also a working James Squire brewery where you can get acquainted with the brewing process as you explore the James Squire craft beer range, all the while enjoying delicious dishes designed to complement the flavours of the beers.

Executive chef Deniz Coskun has created an inspired menu matching local produce and products with the James Squire craft beer range.

The Charming Squire offers contemporary, quality dishes that are changed to suit the seasons. In the architecturally designed kitchen, unique coal-fired spits enhance the flavours of the meat, which can be matched to an array of great-tasting James Squire beers. With sustainability and quality of produce in mind, *The Charming Squire* sources the highest-quality fresh ingredients from local suppliers, including Mantle Group.

Williams Refrigeration cabinets have been used extensively throughout the kitchen and café. The equipment was specified by *Food Service Design* and installed by *T&H Sheetmetal*.
